Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: The independent claim 2 is allowed in the Final Office Action mailed on 08/24/2007. Since claims 18-19 are dependent on claim 2, therefore, claims 18-19 are allowed as well. In addition, Applicant(s) pointed out that Johnson does not teach the user information including age, sex, favor, address, or operational environment of a terminal of a user. The examiner disagreed. Since the language of the claim is "including age, sex, favor, address, or operational environment of a terminal of a user", the examiner interpreted that the claim can include either age or sex or address or operational environment of a terminal of a user. Johnson discloses in col.5, lines 33-42: the customer information includes name, address, size, specific interest in the products for sale.
